

THE FEAR OF THE LORD

The life of God flows out of heaven into the fear of God gate in our spirit. Our spirit can sense the fear of the Lord all we have to do is tune into it. It gives us an awareness of the majesty and awe of God, so that we are aware of anything that falls short of his glory. We are seeing through the eyes of his holiness. It causes us to tremble. A good word for it is conviction of sin, anything not like Him.

We have to learn how to practice the fear of the Lord; our spirit needs to be continually aware of it. It is a very important gateway in our spirit, that we need to keep open and flowing, because the fear of the Lord gives us God consciousness.

It is the fear of the Lord that tethers us to the will of God, to the face of the Father. It binds us to the will of God, so that we are slow to speak, and slow to act. It is a doorway into oneness with God.

Thy kingdom come, thy will be done, on earth as it is in heaven. The kingdom coming and his will being done are two different things. We have had many manifestations of the kingdom coming, the kingdom drawing near. But when God's will is done, there is an awesome fear of God.

Everything in heaven is living. And the fear of the lord is one of the seven spirits of God. The seven spirits of God are not the Father, Son and Holy Spirit.

The fear of the Lord is an unusual being because he is God consciousness. His job is to tether us to the face of the Father.

Even though we may not encounter him directly or the spirits under his government, we can still practice the fear of the lord, because it becomes part of our divine nature.

The seven spirits of God that rested on Jesus in his earthly ministry, it says only one of them did he delight in. The fear of the Lord was his treasure.

The word of God says you heal the sick, you cast out devil, you raise the dead, you speak in tongues, you do this and you do that. So when we do these things, it is us who are doing them. We can do these things, because they are gifts from God, but it doesn't mean we are doing them in a oneness with God.

The gifts of the Spirit are given to the immature, but there is a higher realm of union that we can enter into. If we don't have this God consciousness we can trade into wrong platforms, we can build a kingdom around ourselves. We may be healing, and casting out devils but we won't be doing it how he wanted.

The will of God is a state of spirit, in oneness with God. Without the love of God overmastering us and the constraints of fear, we may still be doing our own thing.

God is looking for a company of people, who cannot be bought. Their treasure is the fear of the Lord. God is their reward, he is their inheritance, and he is their only desire. They are absorbed into oneness with him, possessed by him, he has totally interpenetrated them and they reflect the face of their father.

We are coming into a oneness with God where we are swallowed up into him, and he has penetrated into every part of us, where we are experiencing the consequences of being permanently united with him.

It is from this union that the perfect will of God will be expressed in the earth. It is a higher consciousness than human consciousness; it is the mind of Christ. The renewed mind that is tethered in the spirit of the fear the Lord.

The spirit the fear the Lord is the beginning of knowledge it is the beginning of wisdom. But it's not just the beginning; the word says that the end of wisdom is to fear God.

The fear of the Lord becomes the birthing channel, to bring who we are in the future into manifestation in the earth.

As the fear of God gate in our spirit is continually open and flowing it will bring us into mystical communion and union with God. Complete abandonment, abandonment to oneness, abandonment to God likeness. The mystic secret called godliness, God likeness, where we become the perfect reflection of him in the earth, a shadow that he can continually fill.

Knowing the fear the Lord and the comfort of the Holy Spirit they were all strengthened. There is a realm of the fear the Lord that we can come into, it is a tangible essence of God likeness. It is a tangible essence of God consciousness.

There are some like Smith Wigglesworth who entered into this dimension. Those who knew him and tried to follow him could not stay in the glory; they had to leave the room, it was too much for them.

If you read any of his writings you will find that people would come under conviction, just by being in his presence.

As we come into a oneness with the fear of the Lord, like the early church, no one will dare join us, but God will continually add to his ecclesia, those called out to be part of his government.

As the fear of God gate in our spirit is open and continually flowing, we will no longer move independently of him. We will begin to fast our own words and our opinions. God wants us to rediscover the fear of the Lord, so that we can become a perfect channel for his love to flow.
