

THE IMPORTANCE OF THE FLOW

If we want to see the outpouring of the Spirit and the move of God in the earth, we need to understand the importance of the Flow.

The moving of the Spirit comes out of heaven, but it flows through us. We release God into the earth, because out of our belly shall flow the rivers of living water.

The moving of the Spirit of God in the earth releases the nature and the power or abilities of God, through the authority that has been given us to establish the Kingdom of God upon the earth.

The moving of the Spirit will reveal who God really, really is. If the world knew what God was really like, they would pursue him above everything else. Nothing in this life compares with what God has prepared for those who love Him.

How are people going to know what God is like? They will see Him in our lives, when we learn the importance of the flow and are continually filled with His Spirit.

As we learn how to abide in the flow of the Spirit, the fruit of the Spirit will be fully developed in our lives and other people will see in us the nature of God, what he is really, really like.

God is love. This love has removed all the barriers to an intimate relationship. God has reconciled the world to himself through the cross of Jesus Christ.

Because God is perfect love he has the ability to love us perfectly, so there is absolutely no reason to not want to have a relationship with Him. As we learn how to be filled with him, where His love is perfected

in us there will be no reason people will not want to have a relationship with us.

It is the goodness of God that leads people to repentance, so his goodness must be seen in our lives.

Our soul is naturally self-centered, but as the love of God begins to flow into it, it will direct our thinking to become God-centered and his thoughts are directed towards other people.

The love of God never fails, so it is vitally important to learn how to tune into it, so that it flows through us out into the world and touches the hearts of people so that they come into contact with the goodness of God.

People have to experience the Love of God, which is the moving of the Spirit in their lives.

The love of God is so powerful that it will cause us to become willing to lay down our lives for our enemies. The love of God does not even consider self, but is totally focused on the well being of others.

We all know certain people that we wish we never met, we have an unhealthy soul tie-to them so that our thoughts about them cause us pain.

The life of God flows from the inside out. But the enemy flows from the outside in. Once the enemy is able to sow seeds “which are thoughts” so that they get rooted in our heart, they then produce a soul tie to that person that ministers death to us.

Once our spirit is alive to God it has the ability to grow in its capacity to love through the inflowing of the life of God out of heaven into it and out of it towards other people.

We pray for the person that we have ill feelings toward. Prayer is a two way communication, where the heart of God for the person flows through us, out towards them.

We tune into the love of God and it just starts flowing towards the person, it becomes a river in us so powerful that it quenches any roots of bitterness within us.

We have to learn how to think like God thinks, so that we experience His thoughts and feelings. He has made a perfect provision for the human race, so if a person is behaving badly it is because they are spiritually sick. Father forgive them because they do not understand what they are doing. The thought of sin is foolishness.

We have to learn the importance of the Flow of the Holy Spirit in our life so that we are enabled to be filled with His Spirit and moved with compassion towards other people.

The more people do us wrong the more we move in the opposite spirit, releasing the goodness of God so that people can experience what God is really like.

The love of God lays down its life for its enemies; it is so powerful that it will accomplish the will of God as it is perfected in our lives.

We are to love and pray for people until the lord tells us not to. This is a decision only he can make because he knows the depths of the human heart. A human heart can be so filled with the evil spirit that

there is no room for repentance in it. It becomes a fixed state of spirit in which there is no redemption. There is no salvation for evil spirits because it is impossible for them to change.
