

CLEANSING GATEWAYS 2

We are a spirit— this makes us God and spiritual realm conscious. We have a soul - this is our personality, minds, emotions, wills, memories and epigenetic hereditary encoding – makes us self-conscious. We live in a physical body that is world conscious through physical sensations.

Our Soul develops through a combination of: 1-Nature - DNA programming.2-Nurture - environmental programming.3-Trauma - experiential programming. Our Soul often blocks the flow of the Spirit. The Dethronement of self, soul, the old life is the key to fulfilling our destiny.

Everything has flowed from the outside in. We have learned to relate to world around us through our 5 physical senses. Memories of those repeated experiences are stored & then reused to enable us to relate.

Our soul also has senses that have been trained, from the outside in by nature, nurture & trauma – good and bad.

We have to learn how to live from the inside out. We learn to tune into God's voice on the inside. Learn to see from the inside. Learn to hear from the inside. Learn to feel from the inside. Learn to be guided from the inside. Learn to smell from inside. Learn to touch from inside.

Our spiritual senses – are trained through our relationship with God in us. We receive a spontaneous flow of revelation knowledge. We receive Visions and Pictures form in our imagination. We receive the

feelings of God moving our emotions. We receive Impressions of God to motivate our wills.

We all need reverence, fear of God, and our prayer gates open for an intimate relationship with God. We must create our own personal pathway of relationship by repeatedly walking on the pathway that is created by the life of God flowing through our gateways.

It is important to understand the basic processes for engaging our gateways. There is a daily choice to create a lifestyle where we live in the natural realm but are directed and guided from the spiritual realm. We then daily live out of the intimacy of our relationship with God within.

It takes a while for our imagination gate to see images and pictures from God. But to “see” can mean to perceive not just have a visual experience. We must always engage our gateways by faith.

If our hope and desire or expectation is to engage our gates and we choose to believe without seeing, God will reward us. We will learn to perceive and begin to flow.

How do we engage our soul gates? We act in faith and meditate on each gate from the inside through our spirit. We invite the flow of the river of life to wash and cleanse each gate. We invite the light, glory and fire of God to purify and refine each gate. We invite Jesus to be Lord of each gate.

We have to take back possession of our souls and dispossess anything residing there, demonic spirits, blockages, strongholds, controls systems etc.

There will be legal rights that the enemy has to occupy or block the flowing of the river of life through our gateways. We need to understand how to use the court system and judicial process. This will give us authority over spiritual forces, mind-sets and habitual behavior patterns and addictions.

As our gateways begin to open there may be some conflict between soul and spirit as the rule of God's kingdom and influence begins to exert itself. Internal pressure often brings things to the surface.

What will shut a gate and stop the flow? Having a wrong focus by trying to meet our own needs by drawing from the outside in. The independence of our soul trying to get it needs met through self will.

We go through each gateway of the soul. We have seven gateways, conscience, reason, imagination, (mind-conscious, subconscious, and unconscious), emotion, choice, will.

Today I bring my conscience into submission to my spirit. I release the life of God to flow from my spirit, through the gateways of reverence and of the fear of God to produce a consciousness of God's righteousness and truth. Where my soul has been hardened by sin, I allow the flow of God's thoughts and feelings to dictate my actions.

Father, make me aware of my actions that I may submit to your authority in my soul. Today I take authority over the spiritual force or condition that is resistant to the flow of God in me. I make Jesus Lord over my conscience gateway today.

Father I thank You that my conscience gateway is full of your glory. I apply reverence and fear of God to my conscience so it will

now dictate my body's actions in the world. I thank you that my reverence activated conscience receives and releases the flow of godliness and holiness through it.

Our imagination gateway is a key area because it feeds into the storage of everything we see, do, feel and hear etc. God gives us visual image revelation on the screen of our imaginations as we allow the blood of Jesus to cleanse them. Once clean, revelation and the ability to perceive the realms of the kingdom are heightened considerably. Negative images are a major area the enemy uses to stop the flow of the Spirit.

We deal with the images from our past. We acknowledge their presence in our life. We own the sin and bring the image into the light. We ask God to remove it through the cleansing of the blood.

Our reason gateway has been programmed from the outside in, concerning our beliefs, doctrines and values. We have learned things from others, and not through personal encounter with the Spirit of God. We have to become like a little child and ask the Father to reveal the truth to us.

Father today I release the glory of the kingdom of God and the cleansing river of life into my reason gate to purge and clean my negative values, mind-sets and belief systems. Demolish all the strongholds that argue against your truth. Grant me repentance to renounce doubt, unbelief, rationalism, skepticism, cynicism, denial.

Father cleanse me of all false doctrine, philosophies & ideas. I receive a flow of supernatural wisdom from your word to change my life. I ask you to renew & restore my ability to reason with you. I choose

to use my reason gate to interpret your thoughts and understand your ways.

Our subconscious gateway has within it– Strongholds, Mind-sets, belief systems. Father today I release the glory of the kingdom of God and the cleansing river of life into my subconscious mind and into my memories to purge and clean them so that I may receive supernatural revelation from Your word to change my life.

I release the life of God through the gateway of revelation in my spirit like a river to flush out, wash and restore my mind so that I may have the Mind of Christ operating in me. So that the actions of my body reflect the kingdom of God and it's outworking in my behavior to those around me.

Our Emotions gateway needs to be healed and restored. There are Feelings, hurts, pains the fathers love must touch. Father today I release the glory of your kingdom and the cleansing healing waters of the river of life into my emotions. I ask for repentance and renounce all unforgiveness, bitterness, resentment, anger and self-pity .I ask you to heal my hurts and painful memories and purify and restore my emotions. Use my emotions to feel your heart and guide me through intuition.

We need our will gateway strengthened through the Holy Spirit. Father today I release the glory of the kingdom of God and the cleansing healing river of life into my will. I ask for repentance and renounce all Sin, Rebellion, Stubbornness, Willfulness, Defiance, Control, Fear, Doubt, Unbelief, and Indecision. I ask you to purify and restore my will and restore courage, perseverance and persistence. Use

my will to enable me to do your will through obedience and true worship.

Our Body Gateways must come under submission to the Holy Spirit within. We need to relearn to see from the inside out, hear from the inside out etc. The body must become a servant of the soul as the soul becomes a servant of the spirit. Our spirit must become a bond servant of Jesus in the center of our being and be joined to the Lord and one spirit with Him.

Father today in the name of Jesus I release the flow of the glory of God through the gateway of first love and the gateway of revelation, into the gateway of my imagination and out through the gateway of my eyes, that I might see into the kingdom realm with renewed spiritual sight. May my eyes become like a flame of fire to the demonic world as I reflect the glory of God from inside me.

Father today I release the flow of the glory of God through the gateway of first love and the gate of reverence, into the gateway of my conscience to protect the gateway of my eyes, ear, touch etc. To guard the windows and entrance points into my soul and to direct the flow of the river of life out into the world through what I say and touch.
