

The force of the Spirit

In order to be filled with the Spirit we need to understand the principle of transference (the transferring or conveying of something from one person to another). God has made a way to transfer His attributes to us.

The way God transfers His attributes to us is by first quickening our spirit; our spirit becomes alive unto him. We are born of the Spirit; our spirit becomes one with His. Our spirit now desires the perfect will of God and thirsts after God.

Our heart consists of our spirit and our soul; there are things in our soul-life that are contrary to God. Our soul is our natural created life.

It is as our soul comes into agreement with our spirit and begins to thirst after God, that God fills it. To be filled with the Spirit means that our soul is filled with the Spirit. When our soul is filled with God, our thoughts and emotions are filled with God. Now our whole heart is filled with God, our whole being is filled with God.

When we are filled with the Spirit, a counterforce overcomes everything in us that is against God, and everything outside of us that is against God. To the extent that we are filled with the Spirit to that extent a force that is greater than our weakness is created and floods our life. Any lust, habit, attitude or problem is overcome.

What we need to learn how to do is to be continually filled with the Spirit. The problem is that we are not always filled with the Spirit, so that other things enter our heart and God no longer has possession of it.

It is when we are filled with the Spirit; that the enemy no longer has access to our heart but flees from us.

It is when our heart no longer condemns us, that we have power against the enemy.

Being filled with the Spirit is not just so that we can feel God's love and joy and all the fruit of the Spirit (the attributes of God). Being filled with the Spirit is being filled with the Power of God, being filled with the force of the Spirit in us to overcome the world.

When we learn how to be continually filled with the Spirit, then all the promises of God begin working in our lives.

Eph3: 19 and to know(specific point in time, to experience, walk in) *the love of Christ , which passes*(continuously, exceed, to go beyond the limits of, to be superior to) *knowledge*(present and fragmentary knowledge, *that ye*(to the end that) *might be filled*(momentary-conditional, supply abundantly, impart richly, make full, to occupy wholly, completely satisfy *with all the fullness*(completeness, full measure) *of God.20 Now unto him that is able* (have power)*to do*(cause) *exceeding* (beyond)(out of)*abundantly* (super abundant, more than enough)*above*(beyond, in behalf of) *all*(totality) *that we ask*(to desire) *or think*(right now, thought coming to mind), *according* (motion down from higher to lower place, by virtue of)*to the power that worketh*(the energy of God's Spirit at work within, the in working of God producing an effect) *in*(intimate union) *us*.

God is able to do abundantly above all that we could ask or think by the power of God that works in us by being continually filled with the Spirit.

The fullness of God is not forced upon us; it is something we have to seek after. We have to hunger after it with all our heart. This is something we have to do deliberately.

The only way we can overcome the world, the flesh and the devil is by being filled with the Spirit. We cannot overcome the devil as a human being. We do not fight him on a human level. If we just get mad and try to strike back it is a subjective human action. The battle is not ours but the Lord's.

We have to meet the enemy Objectively in The Spirit. The battle is God verses Satan. Thus saith the Lord. We are just a vessel that God fills with Himself. When we are filled with the Spirit we win, otherwise we are acting in our self.

It is only when we are filled with the Spirit that we can cast out devils and heal the Sick, when we try to do this without being filled with the Spirit we fail.

The judgment of Satan was accomplished By Jesus on the cross, but it is executed by Christ in us operating through us. This way God is glorified in us. It is His fullness in us that does it.

We have to learn how to be objective and not subjective in our emotions. If we are subjective our emotions are not sanctified, but are proceeding from the self.

When our focus is on glorifying God and worshiping Him, His Spirit will come upon us which is another way of saying being filled with the Spirit. When the Spirit of God comes upon us or fills us we can do what we could not do before, because we are being filled with His Power. This is the force of the Spirit.

When we are filled with the Spirit our thoughts and feelings are on a different level, it seems that we change into a different person. What this is in reality is just a partaking of God's thoughts and feelings. He has chosen to work through us, and this happens as we are filled with the Spirit.

The problem is solved when we objectively determine that God's will is going to be done on earth as it is in heaven, that His kingdom is going to come upon the earth.

The reason we have problems is because we are living on a human level. We get angry on a human level, we get jealous on a human level, all our desires and feelings are on a human level. But as we learn how to be continually filled with the Spirit all our thoughts, feelings, and desires are on a divine level. We are transformed when our thoughts and feelings are the same as God's.
